

Part Number

S041291 (24" x 65")
 S041227 (36" x 65")*
 S041226 (44" x 65")*

For use with

EPSON Stylus® Pro 7000
 EPSON Stylus Pro 9000

- **Guaranteed compatibility**
- **Optimum output quality**
- **Made of highest quality materials**
- **Backed by Epson customer support**
- **Easy installation and trouble-free operation**

Product Information

EPSON Glossy Paper Heavyweight is the best media for users requiring a longer lasting, non-yellowing print with photographic image quality. Applications include photographs, promotional pieces, layouts, portfolio images, proofs, indoor displays and posters.

For artists and photographers who sell their prints as artwork, this paper is ideal. It offers a lightfast, non-yellowing, dark storage solution. And unlike universal papers, designed to print on both thermal and Micro Piezo™ platforms, EPSON Glossy Paper Heavyweight is specially engineered to optimize the ink chemistry which is specific to Micro Piezo technology. Therefore, the print quality of a universal paper used with an Epson printer is far below Epson's quality standards. In addition, Epson's printer driver software actually controls the amount of ink released onto EPSON Glossy Paper Heavyweight. This results in the highest resolution and color saturation possible.

As always, EPSON supplies guarantee EPSON quality.

Features/Benefits

- Improved lightfastness for longer lasting prints
- Non-yellowing coating for long lasting bright whites
- Instant drying for easy handling with Epson inks
- High color gamut for excellent color reproduction
- Glossy surface creates a photo-like appearance
- 1440 dpi printing for high resolution output
- Heavyweight base for durability

Technical Specs

- Basis Weight: 190g/m²
- Pounds/ream: 51 lb
- ISO brightness: 89
- Thickness: 9 mil
