

PROFESSIONAL ROTARY TRIMMER

Unique twin-guide rail design and nylon bearings ensure silent, resistant-free and accurate cutting

Versatile and affordable, the Professional Rotatrim is used extensively for cutting 12" to 54" film, laminated materials and digital media output from image setters and plotters. Ergonomic die-cast steel housing over the cutting wheel is operator safe. Cutting wheel self-sharpens the sheffield tungsten steel cutting blade on the return pass enduring smooth, clean cuts every time.

- Steel end castings are mounted to a high density laminated particleboard with screen printed grid in inches and metric.
- 12" rule supplied with adjustable squaring arm.
- Free spare clear plastic clamp strip with each Professional Rotatrim.
- Fully guaranteed for 5 years.

Model #	Cut Width x Thickness	Overall Size W x D x H	Price
60100	12" x 1/8"	18-1/2" x 15" x 6"	\$265
60110	15" x 1/8"	21-1/2" x 15" x 6"	\$315

69105	Replacement Cutting Wheel For Professional Series		\$80

ADVANCED ROTARY CUTTER

The unique sub-surface monorail bearing system and twin cutting wheels is truly in a class of its own. There is no overhead guide mechanism to obscure the cut line, the mechanism cannot distort under heavy cutting pressure. The two tungsten steel cutting wheels give unrivaled performance and long life with two way cutting.

The Advanced Rotary Cutter is capable of cutting the thinnest tissue and film, flexible sheet materials up to heavy cardboard, nonferrous metals, plastics, paper, - cleanly, safely and precisely. Two clamp rollers provide secure double clamping during cutting with up to double the gripping effectiveness of other rotary cutters.

Superbly styled and built with an extruded silver anodized all-aluminum base, the Advanced Rotary Cutter is designed to give years of peak performance.

GUARANTEE

5-year comprehensive guarantee (excluding replacement cutting wheels).
20-year sliding track and slide bearing guarantee against failure.
30-day, no hassle, money back guarantee.
