

Parrot High Definition Matte Paper

Parrot High Definition Matte Paper is a 170 gm, 11 mil bright white-coated paper ideally suited for photographic and presentation graphics applications. The paper is optimized for use with both dye and pigment ink jet systems available from Epson, IRIS, ColorSpan, HP, Roland and Encad. Parrot High Definition Matte is coated on both sides for 2-sided printing.

Features

- Bright white substrate for maximum color gamut.
- Compatible with dye and pigment ink sets.
- Coating formulation that produces a broad, vibrant color range.
- Controlled ink absorption for precise dot control.
- Optimized for heavy ink loading.
- Base – 11 mil coated for printing on both surfaces.
- Non-yellowing.
- Available in sheet and roll format.

Benefits

- Large color gamut, optimized for dye or pigment ink sets.
- Enhanced image resolution and detail, especially in highlights and shadows.
- Brighter, more-saturated images.
- Archival performance with both dye and pigment inks.

Optimal Printing Environment

- 59-86°F and 30%-70% RH
