- Water resistant bright white matte canvas.
- Compatible with dye and pigment inks.
- Total weight: 415g/m² ± 10%.
- Thickness: 21.5 mil ± 5%.
- Opacity: 90% =/-5%
- Finish: Matte
- Gloss Factor: 2.6
- Coating formulation that produces a broad, vibrant, color range.
- Controlled ink absorption for precise dot control.
- Optimized for heavy ink loading.
- Lamination: Pressure sensitive, Thermal, Spray, Liquid
- Resists cracking even when stretched.
- Resists curling.
- Non-yellowing
- Appealing look and feel.
- Available in sheet and roll format.

Benefits

- Superb water fastness with dye or pigment inks without coating.
- Larger color gamut, optimized for a variety of ink sets.
- Enhanced image resolution and detail, especially in highlight and shadow areas.
- Brighter, more-saturated image.
- Scratch resistant
- Water Resistant
- Expanded output options for digital originals and reproductions.

Coating Recommendations

- There are a few spray laminates that do not turn yellow over time, and can actually increase the life of the print. Contact Parrot for coating laminate recommendations.

Optimal Printing Environment

- 59-75° F and 30%-60% RH

Optimal Storage Environment

- 59-77° F and 50% RH Nominal
